## TWO COMMISSIONS ARE PROPOSED BY CITY COUNCIL

**Park Board and City Planning  
Bureau Will Be Installed  
by Charter Provisions**

Ordinances establishing a park commission and a city planning commission were ordered drafted last night by the city council at a meeting following the conference with school officials. Under Article XIV of the charter, the council has the power, by ordinance, to provide for a commission of five persons to serve without compensation and have charge of parks, playgrounds and recreation centers.

The subject was broached by Councilman A. H. Lapham, who stated that the necessity of such a group of interested citizens was apparent with the sale of the swimming pool bonds. The Chamber of Commerce is proposing the enlarging of Patterson avenue park and a municipal auto camp is seriously needed, yet there is no authoritative group other than the council to deal with these problems.

### Suggestions Sought

For city planning, another commission of five persons is provided by ordinance in which their powers and duties must be described. They, too, serve without compensation. The advice of such a body is desirable to the council in the matter of a zoning ordinance and allied problems wherein the beauty and conveniences of the city homes must be maintained.

On motion of Councilman C. E. Kimlin, with Councilmen S. A. Davis and A. H. Lapham voting aye, the ordinances were ordered prepared. However, they will be carefully scrutinized before formal presentation to the council.

Councilman Dwight W. Stephenson again was in the presiding officer's chair, Mayor Spencer Robinson being absent, and Mr. Lapham served as clerk.

### Proposes "Love Feast"

It seemed like old times to hear Councilman Stephenson objecting to a wooden partition being placed in the council chamber to make more room for the departments. "Beautiful boards" was his description of the proposed improvement, while Councilman Kimlin suggested they have a "love feast" with a view of getting the police department and city engineer's offices out of the "dog kennels" they now occupy. City Manager W. H. Reeves was instructed to prepare a pencil sketch and submit an estimate on the cost of dividing the council chamber. He is to take City Engineer E. L. Hill and Police Judge F. H. Lowe into conference on the subject of how the space will be divided.

### Gas Filling Station

The application of O. S. Palmer to establish a gas filling station at 1010 East Colorado boulevard was referred to the building superintendent for investigation and report.

A petition from North Isabel street residents asked that the hauling of sand from the Verdugo wash be routed over other thoroughfares. The complaint was filed and referred to the city manager for action.

It was announced by Manager Reeves that a conference at 7 p. m., Thursday, prior to the council's meeting, had been arranged with Messrs. Lee and Harrison of the Kelly Water company.

## Plumbers Given \$10 Per Day; Local Firm Increasing Its Force

Ten dollars a day sounds like big pay, but that is the average salary of workmen employed by Coker & Taylor, plumbers, according to E. Coker. He is adding to his force of twenty men today with the hope of catching up with the large number of orders on file. Other master plumbers report a dearth of competent help without paying them a premium for their labor.

## \$150,000 FIRE IN IMPERIAL

IMPERIAL, Cal., Sept. 21.—Fire early today destroyed several buildings in the business district of Imperial, causing damage estimated at \$150,000. The conflagration started in the kitchen of the Boston grill, spread to the adjoining barber shop, soft drink stand and pool room, and finally to the Farmers' and Merchants' bank, where extensive damage was done. The Masonic hall over the bank was completely demolished.

The brick building of Edgar Brothers' Hardware company stopped the progress of the flames. The El Centro fire department was called and made the distance between the two cities in less than five minutes.

## A. J. Nielsen Says Chamber of Commerce Is Doing Good Work

"I must join the Chamber of Commerce; I consider it my civic duty to do so. Here's my check for \$25."

That's what A. J. Nielsen, 367 West Harvard, said to a member of Edwin B. Ellis' committee in the Chamber of Commerce drive.

"I have been reading in The Glendale Evening News about the membership drive and I want to be affiliated with an organization that is doing so much good for Glendale," continued Mr. Nielsen.

Mr. Nielsen has invested heavily in Glendale realty. He has owned property on West Broadway, Central, Harvard and Pacific. He has just purchased a lot in the northeastern section of the city, where he plans to erect a double bungalow.

## JOHN F. BALLENGER, ADVENTIST ELDER, AGE 87, DEAD

**Born on Farm Where City of  
Columbus, O., Now Stands;  
Funeral on Thursday**

Elder John Fox Ballenger of 203 East Laurel street passed away Tuesday, September 20, 1921, at the home of his daughter, Mrs. Nellie Simpson, at the age of 87 years and 12 days. He is survived by three children, Elder E. F. Ballenger of Riverside, pastor of the Seventh-day Baptist church of that city, Mrs. Nellie Simpson and Mrs. D. J. Hibben.

The deceased was born on a farm on the site where the city of Columbus, Ohio, now stands, September 8, 1834. He was next to the youngest and last surviving member of a family of nine children. His father was a circuit rider in the Methodist church and located his family in northern Illinois in 1836.

### "White-haired Saint"

In his later years his father was known as the "white-haired saint." His mantle fell on his son, John, who in early manhood heard and obeyed the call to the ministry.

For fifty years Elder Ballenger labored in the Seventh-day Adventist church, filling appointments in Illinois, Wisconsin, Minnesota, Michigan, Canada and California.

He was transferred to California in 1901 and had resided at his late residence for fourteen years.

Mrs. Ballenger was laid to rest March 2, 1907.

### Grieves Over Son's Death

Elder Ballenger seemed unusually strong and well-preserved for a man of his years until the sudden death of his elder son, A. F. Ballenger of Riverside, which occurred just one month ago. From this grief he seemed unable to rally and gradually failed until the end came.

Funeral services will be held tomorrow, Thursday, afternoon, at 2 o'clock at the Little Church of the Flowers, interment at Forest Lawn Memorial park.

Elder Owen of Loma Linda college is expected to officiate. Pulliam & Kiefer Undertaking Company is in charge.

## Henry Shut, Butcher, Is Painfully Injured While Trimming Meat

Henry Shut, a butcher employed by T. E. Hurd in the Acme Market, 113 North Brand boulevard, was painfully hurt yesterday afternoon when the knife with which he was trimming a loin of pork slipped and gashed him in the groin. The wound bled profusely until the injured man was removed to the offices of Dr. H. R. Boyer, where it was dressed.

## SURPRISE ESTHER POMEROY

When little Esther Adele, daughter of Mr. and Mrs. Fletcher Pomeroy, of the Brand estate, celebrated her third birthday Monday she was very happily surprised during the family dinner when a second birthday cake arrived as a present from Mrs. Alfred Bley, a friend living near them. Esther has twin sisters, aged 9, and it was lovely to have "twin cakes" with frosting and candles, "almost as nice as being twins," she said.

## PRIVATE FRANKS IS VISITOR

Private R. V. Franks of the United States Marine Corps, who is stationed on the U. S. S. Mexico of the Pacific fleet, spent the past week-end in Glendale as the guest of his aunt, Mrs. Blanche Sloan of 911 East Loma avenue. The Mexico arrived at Los Angeles harbor on Wednesday of last week from a cruise as far north as Seattle, Washington. Private Franks' home is in Modesto, he having enlisted in that city last year.

## SCHOOL BOARD AND COUNCIL DISCUSS STREET PAVING

**Payment for Work Cause of  
Serious Problem; Lack of  
Money---That's All**

"They can't make us pay, but are we willing to do so? And if so, how?"

With that question in mind the Glendale city school board left a conference with the City Council at the city hall last night.

Their problem is: Which group shall authorize the payment of street work in front of school property? The city has decided to improve the streets under the Vrooman act which provides that abutting property owners pay the bill. There are three different school sites affected.

To be perfectly frank—and the school board members were that—they haven't got the money to do the work. The city counters with the same statement and it would not be an impossibility that the improvement of those portions of streets abutting school sites be left in their present condition.

### Has Growing Pains

Sympathy was expressed from both sides of the conference table and to ameliorate matters, the propositions of estimated cost and financing were referred to the city engineer and city attorney for advice.

It was clearly established in the minds of those present that Glendale is suffering from growing pains which will likely continue for a period of years. It also was shown that the state and county school tax division on the basis of average daily attendance penalizes the growing community.

Councilman Dwight W. Stephenson was chairman of the meeting and Richardson D. White, superintendent of schools; W. H. Reeves, city manager; and E. L. Hill, city engineer, were present in an advisory capacity to both the board and the council.

## Knights of Pythias Present Program for Members and Friends

When the Knights of Pythias entertain their especially invited guests they provide the flourishes which bespeak praise for the fraternity. Last night at their castle at Park avenue and Brand boulevard, Glendale lodge No. 331 had a stag party which was attended by more than 150 members and friends.

Emil Fram, chancellor commander, bid the guests welcome and music was furnished by a four-piece orchestra. W. J. Hibbert performed several feats of legerdemain and Captain W. C. Wattles presented a club-swinging act that was very beautiful with electrically-lighted Indian clubs.

Stanley Brown, grand chancellor of the state of California, was the principal speaker of the evening and he pointed out that conditions existing today demanded the enlarging of such fraternal orders as the Knights of Pythias.

### Higher Citizenship

Man's duty to his fellowman and full appreciation of American citizenship were two strong points in his appeal for young blood to come into the organization. He related how it built up character and developed a higher citizenship.

John W. Aiton, past grand chancellor of Kansas, told the history of the lodge, a very interesting account of factionalism being settled by fraternal spirit. Fred Jones, president of district convention No. 30, and Attorney G. H. King also spoke. Joe Griffin told stories and the entertainment committee composed of J. W. Hibbert, Claude Berger, Wayne Frank and E. Fram served coffee and sandwiches at the close of the program.

## GIRL SCOUTS IN MEETING

The Glendale Girl Scouts, Troop 1, held their regular meeting Tuesday afternoon in the Sunday school room of the Congregational church. Twenty-six members and the captain, Miss Gladys Sharpe, were present. Miss Dorothy Potter was admitted to membership as soon as she has finished her tenderfoot tests. This will bring the total membership up to twenty-nine. Thirty will complete the Troop.

## Today's World News In Brief (By United Press to Glendale Evening News)

### MAY POSTPONE IRISH ISSUE AND THEN HOLD ELECTION

LONDON, Sept. 21.—Premier Lloyd George may postpone the Irish issue and go to the country in a general election, the Daily Mail declared today. Belief that the British prime minister feels his position with regard to Ireland to be at the strongest possible point, together with his determination not to go to Washington, has given rise to suspicion that Lloyd George contemplates precipitating a political crisis in England.

### RATIFICATION OF TREATY WITH GERMANY IS URGED

WASHINGTON, Sept. 21.—The decision to speed ratification of the treaty with Germany, Austria and Hungary was reached at a conference today between President Harding and Senator Lodge, republican leader and chairman of the senate foreign relations committee. Senator Lodge told the president he would call the foreign relations committee together tomorrow and that the treaty probably would be reported without much delay.

### EARLY TRADING TODAY ON STOCK MARKET IRREGULAR

NEW YORK, Sept. 21.—Irregularity marked early trading on the New York stock exchange today. As soon as operations got under way General Electric hit an early low of 121 3/4. Selling of this stock continued. Most of the rails also were slightly lower. United States Steel common gained 3/8 to 78 3/4 at the opening. Crucible, however, failed to show much strength. Oils manifested strength. Mexican Petroleum, ex-dividend \$3, opened at 104 1/2, up 1/4.

### PROPOSE TO FURTHER EXTEND STRIKE OF OIL WORKERS

TAFT, Cal., Sept. 21.—Efforts to extend the present strike of oil field workers in the Kern county district to all fields in the state will be considered at a meeting of the oil fields union to be held in Bakersfield Friday, it was announced at strike headquarters here today. That announcement was the chief development from the strikers' side during the last twenty-four hours in the strike, which presents the unique situation of the strikers being deputized as constables and admittedly in control of the legal machinery for keeping peace within the district. The producers' association, against which the men are striking to force the association to have the federal government "underwrite" its working agreements, has sent a committee of stockholders into the oil fields to make an investigation. David E. Wing of Fresno heads the committee.

### ARBUCKLE WILL BE SURROUNDED BY WOMEN IN COURT

SAN FRANCISCO, Sept. 21.—Women will hem "Fatty" Arbuckle in on every side when he appears before Judge Lazarus tomorrow for preliminary hearing on a murder charge. The movie comedian, accused of assaulting and thus causing the death of Virginia Rappe, actress, will have his hearing in "women's court"—that is, the court set aside for complaints made by women. The complainant against Arbuckle is Mrs. Babina Maude Delmont. Judge Lazarus announced today no men would be admitted to the court room until all the women who wanted to enter had found seats. This means that the spectators' seats will be packed with women. District Attorney Brady today awaited word from New York that District Attorney Swann in that city had intercepted Lowell Sherman, movie actor, wanted here as a witness in the case.

## FIRE CHIEF STATES CERRITOS SCHOOL NOT DANGEROUS

**Head of Department Conducts  
Inquiry at Suggestion of  
Education Officials**

Official approval was placed upon the Cerritos school Monday afternoon by Fire Chief A. H. Lankford in response to a special request by school authorities that he should investigate the amount of fire protection there.

"I don't see why there should be so much 'hollering' about that school," remarked Chief Lankford. "There is no excuse for any children being caught in there if fire should start in any part of the building. I understand there was some talk about running a bigger water main down in that section of the city and that some of the property owners are dissatisfied. I don't know whether any of the councilmen have made any pledges in the matter or what is being done in regard to it, but I don't think parents should be kept 'scared' about their children all the time."

### Two Propositions

"There are two propositions down there: One is to get the children out of danger and the other is to save the building. We might get a call when the building was half burned down already. In that case, all the water pressure in the city would not save it."

Purchase of three fifty-foot length of one and a half inch hose was recommended by the chief. He suggested that a section of this hose should be attached to the fire hydrant on each floor of the school, including the basement. He declared that some reliance had been placed upon the use of a nearby garden hose, but admitted that this was not dependable.

### Suggests Clean-up

This new hose should not cost over 50 cents a foot according to Chief Lankford, although he was unable to mention a definite price.

The removal of some lumber and old timber, which had been stored in the basement for want of a better place, was also recommended.

The nearest fire hydrant to the school is located across the street. This is from a four-inch pipe. There is another hydrant at the corner, but this is from the same main and both of these hydrants could not be used at once. There are hydrants from another line at Brand boulevard and San Fernando Road and at Cerritos avenue and San Fernando Road, it is explained.

## Building Board of Branch Library to Meet on Thursday

A short business session of the branch library building board, which consists of the officers and trustees of the Thursday Afternoon club, has been announced for Thursday of this week. The meeting will take place at the branch library building on Brand boulevard and Los Feliz road at 7 o'clock, and will precede the regular meeting of the Southern Glendale Improvement association, which is to be held in the same building.

The purpose of the board meeting is to decide several important financial questions of the Thursday Afternoon club, including the course to be taken in the use of the funds received from the recent sale of the organization's property on Cypress street.

The members of the library building board are as follows: Mrs. E. V. Bacon, president; Mrs. A. J. Baker, first vice president; Mrs. M. W. Ashton, second vice president; Mrs. S. Storer, recording secretary; Mrs. Serviss, corresponding secretary; Mrs. F. E. Brown, treasurer; Mrs. Ernest Morgan, Mrs. Ella Gaitner and Mrs. L. C. Rice, trustees.

## PROGRAM AT THORNYCROFT

The first entertainment of the fall season for the boys at Thornycroft was given last night by members of the Pacific coast quartet, formerly of one of the large theatres of Los Angeles. Their program included singing, readings and jokes. About thirty of the boys attended the entertainment given in the lobby, after which the quartet entertained the boys in the hospital. So well pleased were the boys that the quartet has promised to return at some future date.

## H. S. WEBB IS DIRECTOR

## Patriotic Degree Is Given Odd Fellows at Van Nuys Lodge

The patriotic degree was administered Monday night in the Van Nuys clubroom of the Odd Fellows to Dr. C. H. Smith, Leo Murdock, A. D. Hurd, and R. W. Sullivan of Glendale. A number of Odd Fellows made the trip from here in autos especially for the occasion. They were careful to go before dinner. Somehow it happened that an extraordinary fine supply of honey dew melons, ice cream, coffee, pie, cake and other eatables were on hand.

Thursday night at the Glendale lodge hall several candidates will be initiated.

The seventieth anniversary of the founding of the order of Rebecas was celebrated last night with an open house for all Odd Fellows and their women friends. A musical program was provided by the Glendale Music company.

## BUILDING PERMITS FOR SEPTEMBER NOW \$338,850

**H. A. Michel and W. J. Barnas  
Seem to Be In Contest on  
West Salem Street**

What appears to be a race between contractors is evidenced on the books of the building inspector at the city hall. Henry A. Michel and W. J. Barnas are each trying to outdo the other on West Salem street. They started three houses opposite each other last week. Today they went to the bat with a couple more, all of which aided in bringing the September total to \$338,850 at noon today and the total for the year \$3,239,284.

## DEPOT PROPERTY OF PACIFIC ELECTRIC MAY BE SOLD

**Negotiations Under Way for  
Disposal, Report; Council  
Orders Traffic Change**

Two important developments in the growth of the Brand boulevard and Broadway business center were indicated at last night's meeting of the City Council. They are:

1. A statement by an official of the Pacific Electric that negotiations are under way for the disposal of its depot property here.

2. Instructions to the city by the council to draft an ordinance prohibiting any railroad cars from standing on Broadway between Maryland avenue and Brand boulevard for a longer period than necessary to take on or discharge passengers.

Inquiries made at the Pacific Electric general offices this morning revealed the fact that nothing more than several informal discussions had been held on the subject of selling the depot site, as it is tied up by a trust deed subject to L. C. Brand's approval, it is understood.

However, the railroad officials believe the best interests of the city's development would be served by the construction of a modern building at the northeast corner of Broadway and Brand.

Regarding the council's plan to force the Glendale and Montrose line to seek another terminus for their carline other than the street between Brand and Maryland and to eliminate the east Glendale car from standing there any length of time while waiting for the inbound north Glendale car to arrive, there seems to be but one conclusion. That is, a passenger and freight yard must be secured.

### Several Solutions

Already the railroad companies have looked into the feasibility of Maryland avenue property to the rear of the Central building in which the new Glendale State bank is located. What their decision has been is not known. With the completion of the Pacific Electric loop line through east Glendale which seems to be a matter of moment, several solutions of the present traffic problem at Brand and Broadway would be afforded.

The Chamber of Commerce has referred the subject to its railroad committee, the council has asked for the ordinance to get early action and the Pacific Electric has expressed a willingness to co-operate in the matter.

The latter corporation is taking an active interest in the growth of this city, having recently put in effect a faster schedule with more cars mornings and evenings.

## Reciprocity Bureau of P. E. O. Chapters Make Luncheon Plans

The reciprocity bureau of the four Glendale chapters of P. E. O. met yesterday afternoon at the home of Mrs. Vernon Putnam, 208 West Elk avenue. Those present were Mrs. C. T. Van Etten and Mrs. W. C. Wattles of Chapter AH; Mrs. Freeman Kelley and Mrs. Arthur Cross of Chapter BA; Mrs. Ed Lee and Mrs. Warren Roberts of Chapter L; Mrs. Vernon Putnam and Mrs. E. W. W. Hayward of Chapter CJ.

Plans were made for the P. E. O. reciprocity luncheon to be held Wednesday, October 19. Women of the Congregational church will serve the luncheon, which will be given for the four Glendale chapters and Chapter U of Burbank.

Partial plans were also made for a benefit to be given for the educational fund, which is a national philanthropic work of the sisterhood for the purpose of loaning money to girls and young women whether members of the P. E. O. or not.

At the close of the afternoon refreshments were served.

## SAN FERNANDO FAIR SCHOOL BOARD WILL GREATLY DECLARE E. F. SANDERS

### BUY REAL ESTATE IF BONDS CARRY

Eastern Shows Are Left Way Behind, Is Opinion of C. of C. Official

Glendale's delegation to the San Fernando Valley Fair and Market yesterday provided a large portion of the crowd which saw the most wonderful collection of varied exhibits ever seen in southern California.

Far surpassing state fairs, according to E. F. Sanders, assistant secretary of the Glendale Chamber of Commerce, whose former position as a tractor factory salesmanager brought him in touch with the great expositions of the middle west and south, the San Fernando event can be appreciated only in comparative terms.

The art exhibit alone is worth the trip from here in addition to the price of admission. Many local people have paintings hung there and it is interesting to note that two by the late Eugene C. Frank were awarded first and second prizes in their classification.

"I have never seen a finer fair," said Mr. Sanders, who is an enthusiast. "The displays of thoroughbred stock outdo anything at an eastern show, but most wonderful of all is the vegetable and field products."

"Melons weighing as much as a man, sugar beets two feet in circumference, unbelievably large spuds, cucumbers a foot long, pumpkins that would feed a village—all of which sounds unusual but it is so. The market basket of Los Angeles certainly is a fitting appellation for the San Fernando valley."

"In the Glendale section of the floral display there are most marvelous dahlias and the other flowers there make it seem a veritable garden of the gods. This city is well represented in the industrial section with a glass hive of bees busily at work showing how Blossom Bee honey is produced. The Henry-Brown Company have an excellent display of Sierra Club beverages. In the industrial tent Green & McClellan have their Oakland cars on display."

Once Is Not Enough  
Then at the auto show, or machinery tent as it is known, the Studebaker is represented by the Packer Auto Company while Harry E. White has the Cletrac (tank type) tractors on exhibition. There are others there, too, and one can not get a good idea of such a vast fair without attending twice or three times."

Entertainment features each evening including the \$1,000 a night society horse show make a most attractive time for Glendale people to attend. During the day a greater opportunity is given for a more detailed inspection of the exhibits. The usual routine of concessions including a ferris wheel, merry-go-round, etc., radiate the idea of a new fashioned old county fair.

## Glendale Leads All Pacific Coast Cities In Phone Installing

Glendale leads all Pacific Coast cities in the percentage of telephone installations, according to Fred Deal, local manager of the Pacific Telephone & Telegraph company, who today received a statement regarding the August development of that company. Only one town shows a greater figure and that is Tillamook, Ore., where a dual system was consolidated. That, of course, does not furnish a comparison.

## URGENT MINE CONFERENCES

CHARLESTON, W. Va., Sept. 21.—Joint conferences of unionists and operators as a basis for settlement of West Virginia's mine troubles will be recommended to the Senate investigating committee, it was learned authoritatively today. The recommendations will be made by Senators Kenyon and Shortridge, who have been conducting informal hearings in the trouble zone.

Number of Parcels of Land Will Be Purchased for Increasing Grounds

The city school board will be in the market to buy a number of parcels of real estate as soon as the school bonds have been approved at the polls on October 11, according to the announcement of Superintendent Richardson D. White.

Between one-third and one-fourth of the money to be raised will be expended upon land. The amount of the bonds will be \$260,000 and the board plans to spend \$74,000 of this sum for real estate.

The biggest item will be about \$30,000 to acquire a site for a south-side intermediate school. After the investigation of the citizens' committee last spring, the location decided upon for this new structure was on Glendale avenue between Park and Acacia avenues. The present Turk property probably will be used and some adjoining property.

Increase In Grounds  
The size of the Doran street school grounds will be expanded by the addition of about ten lots at a cost of approximately \$9,000.

Slightly over two acres is to be added to the Acacia school grounds, while the school board is anxious to buy a lot to square the Colorado school property. This has a house upon it which would have to be removed or salvaged.

For the Columbus school five lots, adjoining the present site to the south, are to be purchased.

No site for either the new Grand View or proposed Verdugo Canyon school has yet been chosen, it is stated.

## Floral Displays and Art Exhibits Please Crowds, Valley Fair

The floral and art exhibits entered by the Glendale people are among the outstanding features of the San Fernando fair. Mrs. Ella W. Richardson states that practically every art exhibitor from Glendale was awarded one or more prizes for his or her exhibition. People from Glendale were in evidence everywhere at the fair yesterday.

The display of cut flowers, the Glendale section of which is presided over by Mrs. C. W. Houston, were the cause of much admiration and favorable comment, especially the dahlias exhibited by Mrs. H. D. Thaxter and Mrs. Joseph Guidinger, which were the finest displays of dahlias at the fair. Mrs. Thaxter had entered one bouquet of "The Millionaire" dahlias which measured each ten inches across, as beautiful as any that had ever been grown under glass and which had been raised by Mrs. Thaxter in her garden. The three species of the many entered by Mrs. Guidinger which attracted the most attention were "Countess of Lonsdale," "Abalone," and "Nebelungen Host," all of which were wonderfully beautiful.

Other Local Contributors  
Other Glendale women who contributed largely to the success of the fair by the collection of flowers entered for exhibition purposes included Mrs. J. G. Monaghan, Mrs. E. B. Wyman and Mrs. F. B. Buchanan, who entered large collections of a variety of flowers. Others who also contributed were Mrs. Charles H. Toll, Mrs. J. H. Braly, Mrs. James Caney and Mrs. Ward, the latter being awarded a prize for her exhibition of asters.

The women of the Tuesday Afternoon Club booth, which is in charge of Mrs. A. H. Montgomery, state that it did not take long to establish the reputation of the Glendale women as good cooks, for long before noon all their home made pies, sandwiches and other supplies were gone and it was necessary to secure additional supplies from some of the grocery stores and bakeries.

Assisting Dr. Caroline Jackson as Glendale hostess at the child hygiene and welfare booth at the fair were Mrs. Irving Oliver, Mrs. Townsend Clark, Mrs. I. C. McLaren, Mrs. Sudlow, Miss Blanche Davenport, and Miss Carrie Cornwell.

## LOCAL FEDERATION THOUSAND DEAD AND SEEKS TO MAKE HUNDREDS INJURED STATE RECORD BY BIG EXPLOSION

Glendale and Cities of Long  
Beach and Pasadena About  
Tied at Present Time

A meeting of the membership  
chairmen of the various parent-  
teacher associations was held yester-  
day afternoon at the home of Mrs.  
John Robert White, president of the  
Glendale Federation of Parent-  
Teacher associations, 347 North Oran-  
ge street. Members presented various  
plans whereby not only the mem-  
bership but also the enthusiasm  
could be increased. The endeavor  
this year will be to make the mem-  
bership of the Glendale federation  
the largest in the state federation.  
At the present time Glendale, Long  
Beach and Pasadena are about the  
same size. The goal aimed at by the  
Glendale federation is a membership  
of 3000.

**District Conference**  
Mrs. White announced at the meet-  
ing yesterday that the first district  
conference will be held October 6 in  
Garfield hall, Walker auditorium, Los  
Angeles. This will open at 10 o'clock  
with the president's council, Mrs. P.  
S. McNutt, parliamentarian, will have  
charge. Mrs. H. R. Darling will sing.  
Earl Z. Meeker of the high school  
faculty will lead the community  
singing in the afternoon.

After the business meeting a so-  
cial hour was enjoyed, during which  
refreshments were served.  
Those present yesterday were Mrs.  
E. B. Wyman, Mrs. Frank Ayars,  
Mrs. H. E. Miller, Mrs. Kelley, Mrs.  
J. E. Hartman, Mrs. Whitney, Miss  
Ida M. Waite, Mrs. H. H. Jepson,  
Mrs. Osgood, Miss Annie McIntyre,  
Mrs. Spear, Mrs. E. W. Evans, Mrs.  
L. E. Andrews, Mrs. Dodson, Mrs.  
Pearson Hanning and Mrs. John  
Robert White.

### Thunders of Silence Cause Them to Whoop

**MUIR WOODS**—The jazz whistle  
and the ocarina are the indispensable  
accompaniments of the true lover  
of nature, according to Jonas K. Flinch-  
beck, guide to the true stately forest  
of towering redwoods that fill this  
beautiful valley.

Years of observation of the  
throngs that every Sunday and holi-  
day plod through the woods to wor-  
ship outdoor grandeur, prompted this  
observation.

"There is something in the silence  
and the majesty of this great grove,"  
says Flinchbeck, "that urges the nor-  
mal representative of humankind to an  
instinctive yodel."

"Very few people ever enter this  
woods without giving a whoop, and  
most of them, who maybe haven't  
given utterance to a single note for  
years, will sing incessantly."

"There is no doubt about it," he  
continued, "silvan beauty is provoca-  
tive of melody."

And as he spoke came a full-  
throated chorus from a group of ma-  
jority looking ladies in khaki trous-  
ers a few paces down the glade.  
They were answered by a series of  
vigorous trills on a mouth organ  
from a clump of ferns up the road,  
while from the side of the hill were  
wafted the plaintive strains of a  
Jew's harp in torment.

Lipe Pan with his pipes the multi-  
tude was celebrating.

"Some of these giant trees have  
stood five hundred years and proba-  
bly never heard a sound except the  
screaming of the mocking bird. But  
they're hearing things now."

"They have a good time, though,"  
concluded the guide, alluding to the  
crowd.

### Peter Hanson's Auto, Stolen, Is 'Arrested'

Peter Hanson, local realtor, who  
reported his car stolen from its  
parking place at Grand avenue and  
Washington street in Los Angeles  
Sunday, recovered the machine on  
Monday.

And the story he tells of the Los  
Angeles police department's effi-  
ciency makes one smile. The theft  
was reported to that agency within  
a few minutes after it occurred.  
They made no report, but Monday  
afternoon Mr. Hanson received a  
telephone call stating his car was  
interfering with traffic on Los An-  
geles street.

Sure enough. There it was stand-  
ing in front of a manufacturing es-  
tablishment, blocking a big truckload  
of goods. A police tag for parking  
all night without permission was on  
the stolen car. It took nearly an  
hour of Mr. Hanson's time to tell  
the traffic sergeant how it happened.

### ARMY AIR SERVICE CHIEF

WASHINGTON, Sept. 21.—Presi-  
dent Harding today appointed Col.  
M. M. Patrick to be chief of the army  
air service, succeeding Major-General  
C. T. Menoher. Menoher's resigna-  
tion followed friction between him-  
self and Brigadier General William  
Mitchell, assistant chief of air ser-  
vice.

moves all the injurious effects of nic-

Two Towns In Germany Partly  
Buried Due to Accident  
In Chemical Works

**BERLIN, Sept. 21.**—One  
thousand persons were reported  
killed, hundreds were injured,  
three railway trains were buried  
and portions of the towns of  
Mannheim and Ludwigshafen  
destroyed by a series of ex-  
plosions in a chemical works  
there today, according to press  
dispatches.

Many buildings were wrecked at  
Ludwigshafen and Mannheim.  
Hospitals in both cities are crowd-  
ed with the injured, press reports  
said.

Mannheim and Ludwigshafen are  
on opposite sides of the Rhine, Lud-  
wigshafen being in Bavaria and  
Mannheim in Baden.

The towns are centers of the chem-  
ical industry in Germany.

Ludwigshafen especially has enor-  
mous chemical plants. The cities are  
connected by an iron bridge.

The terrible blast, according to  
early reports, spread disaster on  
both sides of the river.

Thousands of terrified men, women  
and children swarmed into the  
streets after the explosion.

A large area of the chemical  
works was laid in ruins. Bodies  
of many of the victims were  
blown to atoms. Others were  
found in the tangled masses of  
debris.

Frantic wives fought against  
police lines in the vicinity of  
the wrecked area, seeking to  
break through and ascertain  
whether their husbands had been  
saved.

Surgeons and nurses were called  
in from nearby cities to aid in caring  
for the wounded, dispatches received  
here said.

The force of the explosion was felt  
as far as Frankfurt.

The cause of the explosion is un-  
known, as communication with Man-  
nheim and Ludwigshafen is disrupted.

Fragmentary reports indicated  
there was a panic in Mannheim and  
Ludwigshafen, the twin cities, as de-  
tonation followed detonation.

Chimneys were knocked from  
houses some distance from the scene.  
Many houses, the reports said,  
crumbled before the blast as if they  
were made of paper.

Windows were shattered for miles  
around.

Frankfurt is forty-five miles from  
Ludwigshafen.

### You Are Marked, so Beware What You Do

**SAN DIEGO**—Probably you don't  
know it, but you are a marked man  
or woman.

Maybe you were never finger-  
printed, but police could easily iden-  
tify you without consulting anyone  
who knows you.

They would consult a man who  
never saw you in his life, and he  
would tell them your address, your  
financial status, as well as your taste  
in socks and shirts, and many other  
facts about you.

You've guessed it—it's the laun-  
dryman. The little tell-tale mark is  
on the inside of your shirtband, or  
your collar, or clipped on the deco-  
rative little patch over the top of  
your socks.

Or if you are of the fe-  
male persuasion it is inscribed in the  
corner of your hanky or stenciled  
plainly on the edge of your—  
you know that thing, whatever its name.

The laundry marker has you  
spotted, and as systematically cata-  
logued as any identification bureau  
in the city. He has become a val-  
uable ally to police, and many crimes  
and mysteries have ultimately been  
solved through information secured  
through the laundry mark.

Originally, when the commercial  
laundry was not so universally pat-  
ronized, the mark was simply the  
initials of the owner, but later there  
appeared too many duplicates, and  
an accurate and valuable system of  
identification of clothing was worked  
out by experts. Each garment is  
given a combination of letters and  
figures that represents the owner alone.

When the police discover an un-  
known body, or are holding an un-  
identified character, one of their  
first steps is to examine the laundry  
marks, and take them to the laun-  
dries of the city.

"Yes," says the laundryman, "he  
is on our books. He lives at such  
and such a house, Blank street. And  
he is two weeks delinquent in his  
bills."

**LITTLE SUSY AT CHURCH**  
Little Susy was taken to church by  
her mother for the first time. Dur-  
ing the long sermon the child grew  
more and more fidgety, and kept  
wriggling about. Finally she became  
very greatly interested in a small  
tear in her dress and, after looking  
at this absently for a little while,  
she jumped to her feet on the seat,  
and to the great mortification of her  
mother, cried out: "Has anybody in  
this crowd got a pin?"

## RAILWAY LOOP AND PAVING SYCAMORE ROAD PROMISED

Mayor Spencer Robinson Says  
Needed Developments Will  
Be Pressed by City

Completion of the Pacific Electric east Glendale loop and the construction of Sycamore Canyon boulevard were promised the directors of the Glendale Chamber of Commerce by Mayor Spencer Robinson at their meeting yesterday afternoon.

While this announcement was made casually, it is the biggest thing in years for the residents of Glendale east of Glendale avenue and south of Broadway.

The City Council has agreed that the work of paving Sycamore Canyon boulevard is vital at this time for the proper development of the city and an agreement has been reached whereby the property owners and city at large will bear their portion of the burden.

#### Committee Confirmed

A committee appointed in the days when A. B. Heacock was president of the old Chamber of Commerce was confirmed by the board of directors to continue their work.

According to Mayor Robinson, the right-of-way for the Pacific Electric on this new road to link with their line in the vicinity of Park avenue and Brand boulevard is assured and the company undoubtedly will be pleased to work out the improvement planned prior to the world war.

### AROUSE LADY PREACHERS

CHICAGO, Sept. 21.—Women preachers today planned to thunder from every feminine pulpit against the wiles of wicked man. Fifty female pastors of the International Women's Preachers' association met here in session and called on a woman lawyer to give them a few pointers. And the lawyerette, Mrs. Catherine Waugh Cullough told them:

"We want you women preachers to shout loud enough to fill the entire world with the gospel of girlhood and to work in co-operation with other women in giving our sex its rights. Men will talk sympathy to you and say they are strong for women because their mother was a woman. But don't believe a word of it. Women are not getting a fair deal. It is true no man will convict a girl of murder who can afford to paint and powder and have her nails manicured. But they will convict the poor working girl who hasn't enough money to look pretty. The majority of women are poor and man, because he won't pay them a decent wage, is the cause of their poverty."

It has been found that production can be increased by the elimination of noises in a factory.

### Million Dollars to Be Sought for Big Stadium at U. of C.

BERKELEY, Sept. 21.—Plans for launching a campaign for \$1,000,000 for the construction of the University of California memorial stadium were outlined before a meeting of the associated students in Harmon gymnasium.

The drive will start October 3 through the sale to the public as well as students and alumni of \$100 unit scrip books for tickets to University of California athletic contests covering the next ten years, Dean Frank H. Probert, chairman of the executive committee announced.

Plans for the stadium to be built on the southwest end of the campus were announced by President David C. Barrows. The construction is to be reinforced concrete throughout entirely above the ground. The stadium will be elliptical in shape, closed at both ends, and built in two decks, projecting the upper seats toward the field as in the balconies of a theatre. Its seating capacity will be 60,000.

The stadium is to be a memorial to the student dead in the world war.

**FIGURES ON UNEMPLOYED**  
SAN FRANCISCO, Sept. 21.—Unemployed workmen in the three Pacific coast states of Oregon, Washington and California total 71,267, according to an official estimate given out today by John A. Kelly, district director of the United States department of labor.

By states the figures were: California, 45,450; Oregon, 9,340; Washington, 16,477. San Francisco showed the largest number of unemployed, 17,075; Los Angeles second with 10,950, and Oakland third, with 9,630. Seattle showed 7,240. Portland 9,040, Tacoma 4,200. Other cities were: California, San Diego, 235; San Jose, 1,200; Stockton, 1,115; Fresno, 820; Sacramento, 974; Berkeley, 370. Oregon, Astoria, 300. Washington, Everett, 775; Spokane, 2,437; Bellingham, 1,825.

## BIG LEAGUE STUFF HERE AT HOME UNNOTICED

'Lefty' Herman Reminds Us  
That Glendale Boasts Sev-  
eral Sporting Celebrities

By GIL A. COWAN

"Lefty" Floyd Herman, the bat-  
ting phenom of the Western Cana-  
dian baseball league who has been  
bought by the Detroit Tigers, is hav-  
ing a hopeless time getting accli-  
mated to Glendale again. He left the  
parental domicile at 441 West Harv-  
ard street last spring to play with  
the Edmonton, Alberta, team, and  
in the Canadian northwest he found  
cabarets n'everything. Here he has  
to stroll into the Brunswick Shoppe  
to hear the latest jazz—without the  
kick. Saw him do it last night. He  
asked Jack Jenkins to play "Satur-  
day." That's pay day for me!

During the winter he will be em-  
ployed with his father, C. F. Her-  
man, in building Glendale homes,  
and at night he plans to pursue his  
studies in order to win a diploma  
from Glendale Union high school,  
the Alma Mater of Howard Ehmke,  
Detroit's best bet in the box when  
Babe Ruth is at bat. Ehmke winters  
here and sells jewelry during the  
Christmas rush. He is an expert on  
diamonds, his employers realize.

### Speaking of Sportsmen

Among the other sporting celebri-  
ties who find this section an ideal  
place to hibernate is Jim Jeffries  
with his ranch near Burbank. Fight  
fans won't find any bum steers in  
his lot at the San Fernando valley  
fair this week, for the former cham-  
pion of the squared ring believes in  
thoroughbreds.

Then there is George Hacken-  
schmidt, the wrestler, who has his  
home in Glendale. He gives the  
boys at the high school all of the  
latest tips. A former champion can  
do that without making them feel  
the fall.

### Here's Another One

R. H. (Bob) Bungay is another  
shining light of the sporting pages  
who has his armory and abode here.  
It is a sure shot that a marksman  
like his records show would not fail  
to see Glendale as a bird of a town.

And this list isn't all of them by  
far, either. Several of Vernon's best  
cards stroll around here on quiet  
evenings and enjoy the tranquility  
that only a Glendalian knows. It is  
a fact that professional people seek  
the quiet spots in which to breathe  
the breath of freedom and enjoy the  
pursuit of happiness in a cozy home.

## Likes Plow Horses Not Title, Asserts This English Lord

WILLOWS, Calif., Sept. 21.—Ben  
F. Calvert, Willows farmer, said to  
be in reality the seventh Lord Balti-  
more, doesn't want to be bothered  
with his lord business.

Rather than have a title and sit in  
the British house of peers he would  
continue to chase his plow horses  
over his farm here, he said today.

Calvert had been located by rela-  
tives who claim he is the heir to the  
vast Baltimore estates in England  
and Ireland. James Calvert of Hun-  
newell, Mo., located him.

"I don't want the notoriety and  
troubles attaching to the peerage,"  
Calvert said. "I talked to my  
father about the case before he died  
but I never spent a cent trying to  
prove my claim and I won't now."

Asparagus is a native of southern  
Europe, where it grows on the  
banks of rivers, in meadows and in  
bushy places on sandy soil.

## Harding Treaty of Peace With Germany Meeting Opposition

By L. C. MARTIN

United Press Staff Correspondent  
WASHINGTON, Sept. 21.—Oppo-  
sition to the Harding treaty of peace  
with Germany was understood today  
to have developed in republican sen-  
atorial ranks on the ground that the  
pact entangles the United States in  
European affairs almost as much as  
the league of nations covenant.

How far this opposition will be  
reflected in votes of republican sen-  
ators is uncertain. Criticism of the  
pact is not confined to senators who

were irreconcilables on the Versailles  
treaty, however.

Senators have been studying the  
new treaty for several weeks. In  
several instances they have consult-  
ed their colleagues about its provi-  
sions. A number are convinced that  
the treaty ties the United States into  
the Versailles treaty as surely as  
though the senate had ratified that  
instrument.

It is significant, however, that no  
republican senator, irrecorilable or  
moderate, is ready at this time to  
state his opposition publicly.

Democratic opposition is expected  
as a matter of course.

The eggplant, bean, cucumber, cab-  
bage, onion, turnip and watermelon  
have been cultivated for more than  
4000 years.

## People Want living Costs Cut, Business Revived With Bang

By FRAZER EDWARDS

United Press Staff Correspondent  
WASHINGTON, Sept. 21.—The  
people want the high cost of living  
reduced and business revived with a  
bang, according to the message re-  
publican leaders are getting today  
from congressmen returning to  
Washington from sojourns at home.

Congress is held strictly account-  
able for present conditions by many  
constituencies and complaints that  
congress has not enacted a tariff bill  
nor revised taxes could not be  
silenced, congressmen declared.

The people's legislative program,  
according to the consensus of opin-  
ion among returning congressmen,  
is:

1. Prompt revision of taxes.
2. Tariff protection from cheap  
German products.
3. Reduction of freight rates.

"Sound business men realize that  
America is suffering from war re-  
action," said Representative Bland,  
"but it is hard to tell that to farm-  
ers who are selling calf skins for 42  
cents and paying \$10 for shoes."

Congressmen from the middle west  
declare that the farmers in their dis-  
trict are the hardest hit by present  
conditions and are the loudest in  
their complaints. They admit the  
farmers told them to go back to  
Washington and get busy with taxes,  
tariff and freight rates.

### RAILROAD STRIKE AVERTED

CHICAGO, Sept. 21.—Immediate  
danger of a railroad strike has been  
averted today. In spite of the  
fact that shop employees of the  
roads have voted over-  
whelmingly against acceptance of  
the 12 per cent slash in wages  
which became effective July 1 on or-  
der of the United States railroad la-  
bor board, the decision has been  
reached to hold up further action, un-  
til the board announces the new  
working rules now being formulated.  
B. M. Jewell, head of the railroad  
department of the American Federa-  
tion of Labor, which includes the  
federated shop crafts, made this an-  
nouncement at a mass meeting of rail  
employees here.

## RUDYARD KIPLING'S FIVE MEMBERSHIPS FAMOUS STORY ON LOCAL SCREEN

"Without Benefit of Clergy" Presented Today, Tomorrow for Glendadians

They made no vows to love, honor and obey. They plighted their troth with a ring and a garland of flowers, and without benefit of clergy. And they loved one another until death did them part.

A beautiful love story based on truth and faith is "Without Benefit of Clergy," Pathe's visualization of Rudyard Kipling's famous story, showing at the Glendale Theatre today and tomorrow.

Ameera, the bride, was a pretty Hindu girl of Lahore, India. John Holden, the bridegroom, was a British engineer. He had bought her as though she were a Lucknow dancing girl instead of a child. They lived in the House of Love and were very happy, until a day of great rejoicing, when Ameera told John of the coming of "a pledge of their undying affection."

Despite the difference of race and creed and a marriage ceremony beyond the pale of convention, it was an undying affection. The natives idolized the white man because of his fidelity to his wife and little son.

"Without Benefit of Clergy" is an immortal love classic of East and West. Its scenario was personally written by Mr. Kipling and the entire production was supervised for the author by Randolph Lewis.

Brownie, the Wonder Dog, and Baby Peggy will be seen in a delightful comedy called "Golfing," a two-part Century production. The latest Pathe News also will be shown on the two-day bill.

## Troubles at Home Making Plans for U. S. Meeting Hard

By ED L. KEEN

United Press Staff Correspondent  
LONDON, Sept. 21.—The road to Washington today was paved with obstacles for every European government.

Great Britain, France, Belgium, Italy—each was faced with domestic difficulties in making plans to send delegates to the disarmament conference called by President Harding for November 1.

Of these four countries it was doubtful if a single premier could attend the conference sessions at Washington.

First—Lloyd George of Great Britain will almost certainly be kept at home by the Irish question and unemployment problems in England.

Second—Carton de Wiart of Belgium will have the reconstruction of his government to consider for the Belgian parliamentary elections are due at the time of the Washington conference.

Third—Signor Bonomi of Italy will probably be required to remain in Rome as the Italian parliament opens in November.

Fourth—Aristide Briand of France has reiterated his determination to head the French delegation to Washington but increasing opposition to his departure, led by his enemies, will make it extremely difficult.

Unemployment in Europe is a more immediate problem even than disarmament and any European statesman whose position depends upon popular support cannot afford to be long away from his constituents this winter.

## Divorce Does Not Mean Happiness, So Mrs. Stokes Asserts

DENVER, Colo., Sept. 21.—Divorce does not mean happiness and not many persons find contentment, without a trace of regret, in second marriages, according to Mrs. Helen Elwood Stokes, who was granted a decree of separation from her millionaire husband, W. E. D. Stokes of New York.

Mrs. Stokes and her two children are living in Denver with Mrs. Stokes' mother, Mrs. Arthur Miller. "I do not believe in divorce," Mrs. Stokes said. "I still consider myself married and the mother of two children whose welfare is my only interest in life. I simply have not been brought up to believe that I could marry more than once. I do not disapprove of other women's divorces. It is their life and they should do as they choose with it. I do not believe that divorced couples are really happy."

Mrs. Stokes expressed great relief that the case had been finally settled. She has made no definite plans for the future, she said, but will remain in Denver for some time. She is studying art, history and literature two hours every morning under a private instructor.

"I have no ambition other than a home for my children and myself. I have endured my troubles for a long time. Ask any good woman and the mother of children why she endures humiliation."

"That is the answer," she said.

A toast—May the best you wish for be the worst you get.

## Announcement Causes Joy In Ranks of Workers; Reports Made by Peter L. Ferry

A round of applause was given by the board of directors of the Chamber of Commerce yesterday afternoon when five memberships for the Glendale avenue branch of the Los Angeles Trust & Savings Bank were announced.

Herman Nelson, manager, has been working to obtain this for the bank and when E. F. Sanders, assistant secretary of the Chamber, brought in the "bacon" there was joy in the camp of the booster organization.

Two other interesting reports were made by Peter L. Ferry, a director. He stated that the committee on additional passenger service at the Southern Pacific station would be the subject of a conference with F. S. McGinnis, general passenger agent at Los Angeles some time this week.

As chairman of the committee on the electric "Glendale" signs, he advised that the committee's report be adopted to the effect that no move be made at San Fernando road and Broadway, but the sign across San Fernando road at Brand boulevard should be changed so as to hang across the latter thoroughfare, thereby indicating where greater Glendale would be found.

## Comment---That's All

The football team of the Mare Island, Cal., Marines which, a few years ago had the best of the coast teams guessing as to how they would fare against Uncle Sam's sea soldiers, again is endeavoring to become a factor in coast football. The men are organizing and are casting about for someone to coach them. There are about forty men who will try for the team.

The postponement, or probable eventual cancellation of the wrestling match between Strangler Ed. Lewis and Joe Stecher on account of the affected eye-sight of the former, leads to the query whether or not Lewis is destined long to remain in the business of active competition. While he was able to get his victory over Gobar, the Indian heavyweight, recently, so too did the lighter Ad Santel turn the same trick, and there is considerable sage wagging of heads that Lewis is about through with the game. The added fact that he has, himself, announced that he expects to retire at the close of this season furnishes additional emphasis to the belief that he is not the Lewis of a few years ago.

It is a well recognized fact that the wrestling game is woefully short of new and coming material to take the place of the men who now are before the public. There does not seem to be anyone who looms up as a probable successor. This is one of the reasons for the dullness in wrestling affairs, as the existing performers have so often been matched against each other, the interest has well nigh evaporated.

Talk of the resignation of Graham as manager of the Seals at the close of this season seems to be paving the way for his graceful retirement in the event that the Seals do not come through with the Pacific Coast league pennant. There are few who believe that he would not be continued in the job if the San Franciscans are returned the winners when the last series has been played. Thus far there has been no complaint registered as to the manner in which Graham has been conducting the affairs of the club, and the hint that has been let out that he may quit his job comes as something of a surprise to the fans.

Practically every team in baseball is likely for its slump at the most unexpected time, and it simply would seem as if the Seals had fallen into the doldrums at a time that was the most disastrous for them, after going through the season without having their annual setback. A slump which comes in mid-season can be lived out and the lost ground regained but when the slump comes at the eleventh hour, no opportunity presents in which to recover. Graham, at the moment, seems to be in this unfortunate predicament.

Everett Seaver, of Los Angeles, newly-elected president of the California Golf association, has this to say regarding the future of golf in that state: "I can see a wonderful era of prosperity and of growth for California golf. The outstanding feature of our last tournament was the remarkable showing made by so many young golfers. Another year and we will have another crop of young players coming up and this means an improvement in the game as well as stimulating interest."

## GARDNER ESCAPES ISLAND

TACOMA, Sept. 21.—A two-weeks search on McNeil Island for Roy Gardner, fugitive bandit, ended today. Special guards who have been engaged in the hunt for Gardner since Labor Day, when he made his spectacular dash for liberty, have been discharged by Warden Maloney. Since Gardner's escape the island had been thoroughly combed by regular and special guards. Maloney was positive up to last Friday that he had the mail robber confined to the prison island. Motor boats constantly patrolled the island to prevent Gardner escaping to the mainland.

Highballs have laid many a man low.

**COLLECTIVE BARGAINING**CHICAGO, Sept. 21.—Collective  
bargaining by railway unions with  
railroads had been approved by the  
United States railroad labor board.  
In a decision handed down by the  
board on a petition filed by the  
Pennsylvania system it was declared  
that the railroad must deal with la-  
bor unions as organizations.The Pennsylvania, in its petition,  
"insisted" that it be granted the  
right to deal directly with its em-  
ployees instead of with outside labor  
representatives. The road was  
handed a sharp rebuke by the board  
which charged that a "campaign of  
misstatements had been waged"  
against the judicial body.**DIVORCE FOR MRS. DUKE**PHILADELPHIA, Sept. 21.—A re-

husband, Angier B. Duke, son of  
Benjamin Duke, the tobacco king,  
has been filed by the master ap-

Golder, it is learned. Mrs. Duke is

made by W. O. Bruess, vice-presi-  
dent and general manager, and At-  
torney Owen C. Emery, legal counsel  
for the concern, at a meeting of the  
Chamber of Commerce board of di-  
rectors yesterday afternoon.Dr. C. E. Calm, capitalist of Santa  
Monica, who is president of the con-  
cern, also was among the representa-  
tives of the company attending the  
luncheon and meeting of the direc-  
tors. However, he let Mr. Bruess do  
the talking.**Discount on Tires**The state corporation commis-  
sioner has granted this concern the  
right to sell stock to buy a site, build  
a factory and operate, according to  
the speakers. Every purchaser of a  
\$200 unit of stock will be entitled to  
a 40 per cent discount on tires, it  
was stated, which will give the com-  
pany approximately 5,000 customers  
at the outset.The plans of the company were re-  
ferred to the industrial and census  
committee for immediate report at  
the request of Mr. Emery, who is a  
director of both the Chamber and the  
new industrial corporation.**Payroll Asset to City**According to Mr. Bruess, if the in-  
dustry proves the success expected,  
there will be 1,000 employees in the  
different plants to be established by  
1925. The first unit to be erected  
within ninety days from the time the  
impounded guarantee fund is re-  
leased will employ about 250 skilled  
workmen. Such a payroll is deemed  
an asset to any city.Another advantage this factory of-  
fers is the centralizing of a large  
percentage of southern California  
motorists' interests in Glendale where  
their tires would be made.**Tax Revision Bill**

**Leaders In Senate**

By FRAZER EDWARDS

United Press Staff Correspondent  
WASHINGTON, Sept. 21.—"Fresh  
from the people," the senatorial van-  
guard arrived today for the recon-  
vening of congress on Wednesday,  
determined to put the tax revision  
bill through the senate without de-  
lay.According to present plans, the  
house will not settle down to work  
until October 3, taking a three day  
recess meanwhile, and the majority  
of congressmen are not expected  
back until the latter part of next  
week.Senators and congressmen say that  
the universal sentiment in their  
states and districts is for prompt set-  
tlement of the tax questions. Mem-  
bers from industrial centers, espe-  
cially, found insistent demands for  
the enactment of a tariff bill.Republican senators generally re-  
gard the work of the senate finance  
committee in revising the tax bill as  
well done and with few exceptions  
are ready to get behind the measure.On the other hand, democrats are  
preparing for a determined fight on  
the bill. They assert that the people  
look upon the repeal of the excess  
profits taxes and the lowering of  
surtaxes, which will result in reliev-  
ing large incomes, as "a rich man's  
bill."Vigorous democratic assaults will  
also be made on the transportation  
tax. Also the senate bill cuts this  
tax to half the present rate, and dem-  
ocrats declare it should be en-  
tirely repealed in order to relieve  
shippers and business generally.**MINISTER'S TRIAL IS SET**LAKEPORT, Sept. 21.—Speedy  
justice was promised today in the  
case of the Rev. John A. Spencer,  
Fulton, Calif., minister, accused of  
drowning his wife. October 3 was  
announced as the date for the trial,  
after Spencer had been held to  
answer to the superior court.Mrs. E. B. Barber, accused jointly  
with Spencer, was freed of the  
charge against her on account of in-  
sufficient evidence. Spencer, who  
once was a physician in Oklahoma,  
before entering the Presbyterian  
ministry, is accused of having  
drowned his wife while canoeing in

frankly skeptical as to whether the  
comedian could stay on the screen  
that long at one time without provid-  
ing a surfeit. But the humor proved  
otherwise, much to the credit of  
Jackie Coogan.Merit pervades the whole atmo-  
sphere of Allan Dwan's production of  
"The Scoffer," which is on the same  
bill closing today, and which may  
well be listed as one of the very  
best photodramas of the current  
season. An intensive drama it  
opens the eyes to some of life's  
foibles, yet in no sense is it guilty  
of moralizing.Tomorrow "Mother o'Mine" will  
come as the feature for the week-end  
with "Miracles of the Jungle" as the  
other part of the bill.**Japan May Decide**  
**to Hold Shantung**  
**If China Declines**

By A. L. BRADFORD

United Press Staff Correspondent  
WASHINGTON, D. C., Sept. 21.—  
The issue of the return by Japan of  
Shantung to China may soon be  
forced to a "show down," it was in-  
dicated today. These developments  
stood out in the Shantung question:First—China, it is indicated  
authoritatively, will refuse to ac-  
cept the recent Japanese propo-  
sals for returning Shantung.Second—Japan, it is believed  
may assume an attitude that  
she is justified in retaining con-  
trol of Shantung if China re-  
jects the Japanese proposals.China is believed anxious to bring  
the question up in the Washington  
conference of limitation of armament  
and Pacific and far eastern problems.  
Japan is more anxious that it be kept  
out.Secretary of State Hughes, it is  
known, would be gratified if there  
could be a fair and just settlement  
of the Shantung problem before the  
conference, but he is also known to  
feel that all problems that are po-  
tential sources of international friction  
may well be taken up by the confer-  
ence.If China refuses the Japanese propo-  
sals, Japan may notify the United  
States that it cannot consent to a  
discussion of the matter in confer-  
ence.Chinese Minister Sze and Japanese  
Ambassador Shidehara here, have  
kept the state department informed  
of the attitude of their respective  
governments on the question ever  
since the Japanese proposals were  
made. While Hughes is believed to  
be maintaining a neutral attitude, he  
may informally use his good offices  
in conversations with these two en-  
voys to bring the two countries to  
an agreement.**This Is Bird of a**

The martins, a species of the bird

bird fancier here."I noticed a great commotion  
among the birds," Bable said.  
"They were back of my house and  
after fluttering around a little, set-  
tled down in the branches of a dead  
tree. The way they took their  
perches attracted my attention and I  
determined to watch them. A num-  
ber were roosting up on a branch to  
one side, while another had a higher,  
presumably the judge. The prisoner  
at least the one I took to be the pris-  
oner—was between the others."Finally the martin who appeared  
to be the judge turned, facing the  
group. The 'jury' then fluttered off  
into the heavens, returning in a  
short time.  
"The verdict must have been  
guilty, for the prisoner was taken  
off into another tree and killed."**CALLS FOR SILENT PRAYER**WASHINGTON, Sept. 21.—Presi-

**Lead Senate Fight**  
**Upon German Treaty**

By L. C. MARTIN

United Press Staff Correspondent.

WASHINGTON, D. C., Sept. 21.—

Senator William E. Borah will lead  
republican opposition in the senate  
to the Harding-Hughes peace treaty  
with Germany.After long deliberation Borah has  
made up his mind that he cannot  
vote to ratify the treaty, because in  
his opinion, it ties the United States  
to the Versailles treaty.  
Borah is expected to start his fight  
shortly after President Harding  
sends the new treaty to the senate  
which probably will be within the  
next few days.If the United States exercises in  
the slightest degree the rights it  
thus claims, it must take part in  
administering and enforcing the  
reparations settlement, Borah holds.  
To do this, it must officially assume  
membership on the reparations com-  
mission. This, Borah feels, means  
that the United States will take mem-  
bership in a super-government which  
is imposing its mandates upon Ger-  
many.

## FOOD PRICES MOVE UPWARD, FIGURES OVER U. S. SHOW

Retail Cost Has Increased by  
4.36 Over July, Declares  
Department of Labor

By JAMES T. KOLBERT  
United Press Staff Correspondent  
WASHINGTON, Sept. 21.—An up-  
ward movement in food prices is un-  
der way again, it was shown in fig-  
ures made public by the department  
of labor.

The retail cost of food increased  
4.36 per cent in August as compared  
with July, the department an-  
nounced.

The cost, however, on August 15,  
was still 25 per cent under the fig-  
ures for the same date in 1920.

Food prices are still 53 per cent  
above the figure on August 10, 1913.

### What Investigation Shows

Rochester, N. Y., with 8 per  
cent, led in the increases reported  
during August by the fifty-one im-  
portant cities canvassed by the de-  
partment. Buffalo was second with  
7 per cent and Baltimore, New York,  
Boston, Philadelphia and Fall River,  
Mass., were next with 6 per cent.

Salt Lake City, Portland, Ore., Se-  
attle and Denver each showed one  
per cent while Los Angeles showed a  
four per cent increase, and San Fran-  
cisco a three per cent.

Of the forty-three articles of food  
used for the cost index twenty-seven  
showed an increase in price during  
August; ten articles showed a de-  
crease and six showed no change  
in price.

### Potatoes Lead Increase

Potatoes led the increase with 24  
per cent; fresh eggs 13 per cent;  
pork chops, cheese and cabbage, 11  
per cent; butter, 10 per cent; lard,  
8 per cent; sugar, 6 per cent; canned  
tomatoes, 5 per cent; ham and or-  
anges, 4 per cent; bacon, rice, rolled  
oats, oleomargarine, milk, plate beef,  
chuck roast and other articles in-  
creased from five-tenths of one per  
cent to three per cent.

Decreases follow: Bananas, 5 per  
cent; leg of lamb, 3 per cent; canned  
salmon, flour, onions and raisins, 2  
per cent; sirloin steak, round steak,  
rib roast, one per cent; bread, baked  
beans, coffee, evaporated milk and  
corn flakes did not change in price.

## Miss Flora Bates Is Back From Brief Trip

Miss Flora Bates of 638 North  
Kenwood street returned to her home  
Tuesday evening from a five-days' trip  
to Santa Barbara, where she  
went on a combined mission of busi-  
ness and pleasure. Miss Bates for-  
merly lived in Santa Barbara five  
years. Most of the time during the  
recent sojourn being spent visiting  
with friends and former neighbors.

Miss Lillian Loftus of Los Angeles,  
also a former resident of Santa Bar-  
bara, accompanied Miss Bates on the  
trip. On the return trip the young  
ladies were accompanied by Miss  
Alice Gross of the northern city.  
She will remain in Glendale as the  
guest of Miss Bates for several days.

## 'Wild About Moonshine,' Asserts W. A. Kenny

"I'm wild about moonshine," re-  
marked W. A. Kenny, proprietor of the  
Kenny Music Store, on North  
Brand boulevard yesterday.  
"No, I'm not an enemy of Br'er  
Volstead, but that is the name of one  
of the latest phonograph records. It  
came in with a beautiful new dreamy  
waltz and 'Second Hand Rose' which  
is one of the biggest jazz hits since  
'Steamboat Bill.' They are all good  
records, too."

### MULTI-MILLIONAIRE HELD

SAN FRANCISCO, Sept. 21.—Be-  
cause the quota of immigrants al-  
lotted Australia by the immigration  
laws has been filled, B. J. Higgins,  
multi-millionaire of Sydney, Aus-  
tralia, was detained at the Angel  
Island immigration station here to-  
day while his brother, P. J. Higgins  
of Los Angeles started a campaign  
for his release. Higgins arrived yes-  
terday on the steamer Marama from  
Sydney.

Earlier in the day the steamer So-  
noma had brought three Australian  
girls, seeking to enter the movies,  
who also were denied landings. Lo-  
cal immigration officers have asked  
Washington for a ruling on the case.  
Higgins is heavily interested in Los  
Angeles real estate, it was stated.

### WELCOME FOR PERSHING

HAVRE, Sept. 21.—General John  
J. Pershing arrived here today. Havre  
was beflagged in honor of the Ameri-  
can commander-in-chief, who has re-  
turned to France to escort back to the  
United States the body of Ameri-  
ca's "unknown soldier." General  
Franchet d'Esperey and Captain  
d'Hopiteau, representing Marshal  
Foch, welcomed General Pershing.

### NEW MINISTER TO DENMARK

WASHINGTON, Sept. 21.—Dr.  
John D. Prince of New Jersey has  
been selected by President Harding  
as American minister to Denmark. It  
was announced at the White House.

## Headquarters For Nation's Women at Capital Will Be Majestic Architectural Monument

MRS. C. C. CALHOUN  
OF DENVER

Of many designs submitted by  
leading American architects to the  
Woman's National Foundation, of  
which Mrs. C. C. Calhoun is presi-  
dent, the above drawings by Francis  
Burrall Hoffman, Jr., and Murray  
Hoffman, well-known New York  
architects, has been finally accepted  
by the architectural committee for  
the Foundation's new civic feminine  
home. This will be the main build-  
ing of a magnificent group shortly  
to be erected in Washington, D. C.,  
on a nine and a half acre site. As  
the Foundation aims to include all  
progressive American women, whether  
their interests be civic, lit-

erary, artistic or domestic, provision  
will be made for these various activi-  
ties in the new home.

In the main building will be the  
executive offices not only of the  
Foundation itself but of all clubs de-  
siring headquarters in the national  
capital. Here, too, will be a theatre  
or opera house. The unique feature,  
however, of this pile will be the Hall  
of Remembrance, which is also to be  
the auditorium or convention hall of  
the Foundation. The architectural  
design here will allow for forty-eight  
columns representing the forty-eight  
states, on which will be inscribed  
names of famous women who from  
pioneer times to the present day have  
made state and incidentally national  
history.

## Harry Barton, Known to Many, Opens Fruit and Vegetable Stand

Harry Barton says he knows every-  
body's home in Glendale.

He formerly was employed by the  
Glendale Creamery as a solicitor.  
Now he wants everybody in Glen-  
dale to know him. For Harry has  
gone into business.

The first fruit stand south of the  
Southern Pacific railroad tracks on  
Los Feliz road as you motor toward  
Hollywood is "Harry's Place."

A large banner will proclaim  
to passersby that it is one of the few  
all-American fruit stands in South-  
ern California. There are orientals  
to the right of him and other na-  
tionalities to the left, but Harry is  
giving the quality vegetables and  
produce at prices which will make  
the cautious buyer watch for his ad-  
vertisements in The Glendale Even-  
ing News.

### THREE OF FAMILY KILLED

DOWAGIAC, Mich., Sept. 21.—

The only clew today to the fiendish  
murder of three members of a fam-  
ily was a bloody finger-print and a  
nail-studded club. William Monroe,  
his wife, Mary, and their daughter,  
Neva, 17, were found in bed with  
their skulls crushed. Ardith, 12, an-  
other daughter, was found probably  
fatally injured. Her face had been  
beaten beyond recognition and her  
skull fractured.

Grace McKee, daughter of a neigh-  
bor and playmate of the Monroe  
children, made the gruesome dis-  
covery. She had not seen her play-  
mates since Saturday and believing  
they were ill, knocked at the Mon-  
roe cottage. There was no response  
and she entered the unlocked door.  
"Mamma, mamma," mumbled Ardith,  
who was lying on the floor with her  
arms clasped tightly about a table  
leg. The McKee child, horrified at  
the misery of her blood covered chum,  
ran from the house screaming. Ralph  
Gillette, brother of Mrs. Monroe,  
rushed into the house. In the main  
bedroom he found Monroe and his  
wife dead in their bed, their faces  
crushed. Monroe had evidently been  
killed instantly while asleep, as his  
hands were still hanging down by  
his side. The wife, it was believed,  
had been awakened by the impact of  
the club on her husband's head, as  
she had one arm raised as if in an  
effort to defend herself. In another  
room the lifeless 17-year-old Neva  
was found, her face crushed also.

### WOMEN MAY BE ON JURY

SEATTLE, Wash., Sept. 21.—

Eleven jurors had been passed tem-  
porarily in the James Mahoney mur-  
der trial when court opened today.  
Mahoney is accused of having killed  
his aged bride, Mrs. Kate Mahoney,  
after marrying her in Minnesota, and  
to have cast her body in a trunk into  
Lake Union, near Seattle. Four of  
the jurors temporarily passed were  
women.

### AMERICAN BALLOON THIRD

BRUSSELS, Sept. 21.—Paul Arm-  
bruster of Switzerland was today of-  
ficially declared winner of the Gor-  
don Bennett international balloon  
race, which started from here Sep-  
tember 18. His balloon landed at  
Lanbay Island near Dublin, Ireland.  
Henry Spencer, the English entry,  
will be second, and Ralph Upson,  
America, third.

All contestants landed safely ex-  
cept the American, Bernard von  
Hoffman, whose balloon "City of St.  
Louis," fell into the Irish Sea 15  
miles off Dublin. J. C. McKibben,  
passenger in von Hoffman's balloon,  
was knocked from the bucket into  
the water during the descent, but  
both he and the pilot were rescued.

## Business Has Again Hit Its Stride, So U. S. Official Says

WASHINGTON, Sept. 21.—Belief  
that business has again hit its stride  
and that spring will find the nation  
back on a sure economic footing was  
expressed here today by David H.  
Crissinger, comptroller of the cur-  
rency, in a statement to the United  
Press.

Crissinger's opinions were based  
on an exhaustive survey of banks and  
banking conditions throughout the  
country.  
Bank deposits are increasing and  
loans decreasing, he said.  
The recent rise in cotton prices  
has changed the southern feeling  
from depression to enthusiasm. In  
New England mills are beginning to  
work full time.

Crops are good and money is get-  
ting easier.  
Crissinger said steel and iron  
prices are still too high and condi-  
tions would rapidly improve if they  
were reduced.

### ARBUCKLE WITNESS GONE

NEW YORK, Sept. 21.—Lowell

Sherman, movie villain, wanted as a  
witness in the Arbutle case, evaded  
detectives here today when they at-  
tempted to serve a subpoena on him.  
Sherman left the Twentieth Century  
Limited on which he came from Chi-  
cago, at Harmon, in Westchester  
county, where the steam engine is  
changed for an electric. Detectives  
waiting at the Grand Central station  
were told that he had driven away  
from the train with a woman.

District Attorney Swann notified  
Westchester county police as well as  
those of surrounding counties, to  
look out for Sherman, whom Swann  
wanted to subpoena at the request of  
San Francisco authorities. Detectives  
said they learned that he was  
traveling with a man giving the name  
of E. Gribbon and a Miss Goodman.  
The woman Sherman drove away  
with was unknown.

### CHAPLIN NOT INTERESTED

LONDON, Sept. 21.—Mrs. Henry

Smith-Wilkinson, who recently daz-  
zled Paris with a display of \$5,000-  
000 worth of clothes and jewels,  
called upon Charlie Chaplin at his  
hotel while the comedian was asleep,  
after a late night.  
"Who is she?" asked Charlie,  
opening one eye.  
"The best dressed woman in Eng-  
land," replied his secretary.  
"Well, tell her I'm the most un-  
dressed man in England," said Chap-  
lin, as he rolled over and fell asleep  
again.

## Students of Human Form Cut Up Books, Library's Complaint

SANTA ANA, Sept. 21.—Study of  
the human form divine may be all  
right, but when it comes to "stud-  
ents" cutting from library books  
pictures of men and women in the  
nude—well, that's going too far, ac-  
cording to the board of library trust-  
ees here.

Incensed at mutilation of books  
and magazines recently the board to-  
day had offered a reward of \$100 to  
anyone giving evidence leading to the  
conviction of the persons guilty of  
the crime.

The offense is punishable by im-  
prisonment in the state's prison, it  
was said.

Defacing of books consists mostly  
in marking or cutting out of pictures  
of art, particularly where the human  
body is shown in the nude, library  
officials said.

## BIG TASKS BEFORE CONGRESS, URGED BY PRESIDENT

Peace Treaties, Tax Revision, Railroad Relief Measure and Tariff Enactment

By FRASER EDWARDS  
United Press Staff Correspondent  
WASHINGTON, Sept. 21.—Congress is back from a month's vacation today, with huge tasks set by President Harding confronting it.

The president's legislative program to be taken up in the following order is:

1. Ratification of the German, Austrian and Hungarian treaties.
2. Passage of the tax revision bill.
3. Enactment of the administration's railroad relief measure.
4. Passage of the permanent tariff bill.

Sandwiched in among the major measures upon which the president desires prompt action will be the anti-beer bill, Senator Borah's Panama canal tolls fight, a good roads bill and a move to pass a congressional resolution asking for open sessions of the disarmament conference.

The heavy end of this burden rests in the hands of the senate. The house has passed the tax, tariff and railroad bills and it will attend to minor matters while waiting for the senate to send the measures back for final agreement between the two houses.

Because of the death of Representative Taylor, Arkansas, the first day's session in both houses is expected to be brief. The house will adjourn immediately out of respect for the dead member and will take a three-day recess thereafter until October 3. Unless a fight over the anti-beer bill starts, the senate is expected to adjourn for the day after the tax bill is reported by Senator Penrose.

## Little Bobby Sloan to Have Serious Operation

Little Bobby Sloan, 6-year-old son of Mrs. Blanche Sloan of 911 East Lomita avenue, was taken to a Los Angeles hospital this morning, where he will undergo a serious operation on his spine next Monday. During the four weeks in which Bobby will be confined at the hospital Mrs. Sloan will stay at the home of Los Angeles relatives, although they expect to return to Glendale about October 15.

Mrs. Sloan came to southern California for her son's health four months ago, locating at once in this city. When they return to Glendale they will remain here approximately three months, after which they will leave for their home in Caldwell, Idaho, where they will be joined by Mr. Sloan and two other children. Mrs. Sloan states that it will be some time in January when they expect to leave Glendale.

## Mr. and Mrs. Olmstead Are Now at Genoa, Ill.

Word has been received from Mr. and Mrs. E. H. Olmstead, who left here September 1 for the east, to the effect that they have reached Genoa, Illinois, which is their former home town. They intend to visit with friends and relatives in that city until the first part of next year, when they will return to Glendale.

Upon their return to this city Mr. and Mrs. Olmstead will occupy their new home which is now being built at the corner of California avenue and Belmont street. They formerly lived on East Lomita avenue.

## GVERNOR TOLD OF STRIKE

REDDING, Calif., Sept. 21.—Learning for the first time of the oil strike situation in Kern county, Governor William D. Stephens today declared, "I expect every officer to do his duty." The governor stated that he had had no official word that county officers had abdicated control in favor of striking oil workers and that his first information that disturbances were impending came from the press here. Governor Stephens arrived here by automobile last night and leaves for Hayfork today to attend the Governor's Day celebration at the Trinity county fair.

## TIT FOR TAT

When Lord Randolph Churchill visited the diamond fields of South Africa he is said to have exclaimed after looking at some diamonds: "And all for the vanity of women." A lady who heard the remark added: "And the depravity of men." Southern California produces 87 per cent of the world's crop of lima beans.

## S. DENNIS SMART TO LEAVE

S. Dennis Smart of 701 East Raleigh street is planning to leave Glendale next week for Kansas City, Missouri, where he has been called on business. Following his visit to Kansas City, Mr. Smart will probably make his home in some part of Missouri, which is his native state. Mr. Smart's act of moving from Glendale will be regretted by a large number of local citizens, he having created a large acquaintance here during the past eighteen months. His sister, Miss Elois Smart, and two sons, Earl and Victor, will leave the latter part of this week for Brownsville, Texas, where they will make their permanent home. Mr. Smart was formerly in the real estate business in this city.

## Children Will Be Transferred to L. A. District, Is Planned

The city board of education last night at David Black's special request instructed Truant Officer L. T. Rowley to find out how many of the pupils now attending the Cerritos school, who live in the Los Angeles school district, could be sent to the Ivanhoe school, where they belong, without undue hardship.

About seventy-five or 100 of the pupils at this school properly belong in the Los Angeles school system according to Superintendent R. D. White. The Southern Pacific track is the dividing line. Many of the children who live on the other side of this division seem to prefer Glendale to Los Angeles schools. The Los Angeles school board has taken the attitude that it is very glad to have Glendale take care of them.

Mr. Black stated that he understood that it was planning to do something to relieve the crowded condition at the Ivanhoe school. He recommended that the fifteen or twenty youngsters closest to this building should be transferred there at once. Most of them are the children of Japanese truck gardeners.

## Leslie B. Henry Is Speaker to Boys at High School Today

"The fellow who takes the greatest interest in his school after he has graduated and the chap who takes the greatest pleasure in it while he is there is the fellow who gets the most out of it every minute of the time," remarked Leslie B. Henry, of Pasadena this morning at the first boys' assembly to be held at the high school this term. He commented upon the high scholarship being shown by the state university athletes and declared that honors at school went to the students who were able to get their lessons or perform their tasks with the greatest speed and efficiency by concentrating upon one subject at a time.

Dale Wood, president of the Boys' League, presided. A solo was sung by Kenneth Jackson of the student body. It was much appreciated.

## ENGLAND'S JEALOUSY AROUSED

It was not until the close of the fifteenth century that England began to take an active interest in the new world that had been found beyond the Atlantic. Spain led the way, for her sailors, under the Italian Columbus, had discovered the continent, but England was unwilling that Spain should reap all the glory and all the profit; and in 1497 King Henry VII fitted out an expedition for exploration beyond the sea.

## Lodge of Rebekahs Hold Celebration In Behalf Anniversary

A meeting of Carnation Lodge of Rebekahs was held last night in Odd Fellows' hall, Mrs. Rosella Strothers presiding. The seventieth anniversary of the organization of the Daughters of Rebekah was celebrated at that time. At the business meeting two new members were balloted upon and elected to become members, J. E. Mayott and Mrs. E. Lindsey. Applications for membership were read. One of the interesting features of the evening was the presentation by the lodge of a beautiful past noble grand's pin to acting past grand, Mrs. L. G. Scovern.

After the business meeting many of the new phonograph records were heard on a Brunswick machine, which was furnished for the occasion by the Glendale Music company. At the close of the evening refreshments were served in the dining room. At last night's meeting there was a large attendance of 75 members and many visitors from out of the state present.

The next meeting of the organization will be held in two weeks, at which time initiation will take place.

## KANSAS GUEST DEPARTS

## REPUBLICANS LEAD IN N. M.

ALBUQUERQUE, N. M., Sept. 21.—The lead of Senator H. O. Bursum, Republican, over Judge H. H. Hanna in yesterday's election to choose a United States senator from New Mexico has been cut down considerably on the basis of scattered returns from over the state. The Republicans claim a victory today. Bursum carried the northern part of the state, returns indicate, while Hanna showed the most strength in the southern counties. The race, however, is close. Bursum's plurality is estimated at between 3,000 and 5,000.
